## MAJOR QUESTIONS OF PEACE TREATY ARE AGREED UPON

Bohemian Border Only Problem Not Yet Approved.

## LONDON WRITER ENCOURAGED OVER WEEK'S DEVELOPMENT

Autonomous Government For Danzig is Probable, He Says.

(Associated Press Telegram) London, Sunday, April 13.—British Wireless Service.—The main items of peace with Germany have been substantially agreed upon by the council of four, the Paris correspondent of the Sunday Observer says he understands. The only problem which they have not yet approached is that of the Bohemian border, he says. This problem, he points out, is an intricate one as it raises the question as to whether a considerable number of Germans must be included in the Czechoslovak state.

"As for the other points concerning the German borders," continues the correspondent, "it seems that it only remains now to decide upon some minor questions. The question of Danzig will likely be settled by setting up a kind of autonomous state in that district, while including it in the Polish customs area."

As for the Sarre valley, the correspondent says he understands that President Wilson has definitely agreed to the proposal originated by Premier Lloyd George which essentially consists in giving France ownership of the coal mines while making the Sarre district a neutral state under the guarantee of the League of Nations. The questions of reparation and of disarmament in the Rhine region, he says, seem also to have been more or less settled in their broad outlines.

The correspondent continues: "Whether the treaty will be ready by Easter is, of course, another question. The important fact is, however, that the council of four has now agreed on all the fundamental points. This is a distinct improvement."

On the subject of the western border of Germany, the correspondent states he has it on good authority that Premier Clemenceau's main object has been from the first day of the conference to pave the way to a settlement that "should be entirely based on that idea of right which since 1870 has been embodied in Alsace-Lorraine, and that the settlement of the Czechoslovak question should be entirely acceptable to the English speaking democracies."

Those who believed he would try to annex to France the whole or part of the left bank of the Rhine entirely misunderstood his intention, the correspondent declares. "Truly enough when the question of the western border of Germany came up before the Council of Four he asked at first for a settlement of the Czechoslovak question amounting to re-establishing the French border of 1814. To understand such a demand it must be recalled that the comparatively small district extending between the border of 1870 and the border of 1814 includes places such as Sarrelouis, where eighty per cent of the inhabitants are said to be in favor of reunion with France."

"Still an objection was raised inside (Continued on Page 7, Col. 2)

## BIG FLEET IS NEARING PORT

Yankee Battleships and Destroyers Make Home Port For First Time in Years.

(Associated Press Telegram) New York, April 14.—Lead by the superdreadnought Pennsylvania, the 16th American fleet, consisting of 103 ships of the Atlantic battle squadron, was within a few hours sailing distance of this port at 10 o'clock. The Pennsylvania with Admiral Henry T. Mayo on board, reported by wireless that she would reach America's shores at 10 o'clock this afternoon, instead of 9 o'clock tomorrow morning, the scheduled hour. Other ships are following close behind the flagship.

Following the Pennsylvania are several other superdreadnoughts and destroyers for more than 50 destroyers, which will steam up the harbor abreast and anchor in the Hudson river.

"Mother ships," repair ships and tenders are following in the rear of the fighting ships.

Thirty thousand sailors and marines, many of whom have not seen home waters for more than a year, are on board the ships of the fleet. Crews of some of the destroyers have been in the war zone almost continuously since the first contingent of anti-submarine craft went abroad in the spring of 1917.

Several of the destroyers have one or more submarines in their escort. One of them—the U. S. Cassin—bears the scars of an attacking submarine, and another, the U. S. S. Manly, still shows the effects of exploding depth bombs which went off when she collided with another boat in the war zone.

The vanguard of the fleet, comprising 50 destroyers, appeared off quarantine in divisions early in the forenoon had proceeded up the bay toward their anchorage.

The destroyer was escorted by a great fleet of airplanes.

**MERCHANT MARINE NEEDS MEN.**

(Associated Press Telegram) Washington, April 14.—The merchant marine service is in need of first mates and first assistant engineers, the shipping board announced today in a statement urging those qualified for the positions to apply at the board's sea service bureaus located at all important ports.

## HUNS GET SHORT TIME TO DISCUSS TERMS OF TREATY

Not More Than Two Weeks To Be Allotted To For Envoy's.

## RHINE FRONTIER IS ONLY PROBLEM LEFT UNSOLVED

Council of Four Will Dispose of This Question This Week.

(Associated Press Telegram) Paris, April 14.—The status of the American, Japanese and French amendments to the covenant of the League of Nations has been definitely established so far as the League of Nations commission is concerned, with the American amendment concerning the Monroe doctrine the only one to be given a place in the covenant by the commission.

The French and Japanese, however, have both made reservations which entitle them to renew, at a plenary session of the peace conference, the questions involved in these amendments so that the final decision is still open. As to the affairs of the peace conference as a whole, they are shaping themselves now with the League of Nations question and nearly all the main points in the peace treaty virtually disposed of, so that the date when the enemy delegates shall be summoned to Versailles has been tentatively set. The summing up of the peace conference as it will be called instead of "peace conference" after the enemy delegates are admitted will, according to the present understanding occur between April 26 and May 5, and is considered not improbable that a definite date may be announced by Premier Lloyd George when he speaks before the British house of commons the coming Wednesday.

Indications are that the Germans will be given opportunity to discuss the peace terms before the congress, but that no extended discussion will be permitted, two weeks being suggested as the outside limit for the sessions to be held at Versailles. These sessions, it is expected, will be attended by President Wilson, who is said by those close to him to feel that the progress made toward concluding the peace is such that he will be able to remain for the Versailles meeting.

The chief question as regards the peace terms remaining to be settled, now that the Sarre valley and reparations problems have been disposed of in virtually all their details, is that of the Rhine frontier. The Council of Four is likely mainly to occupy itself with this question during the present week, the debate probably centering upon the French contention for security from a military standpoint, the French attitude being indicated as a determined one on this point.

It is understood also to have been largely France's fears from a military standpoint that might happen should there be another German attack that influenced her representatives in their sustained opposition to the Monroe doctrine amendment to the League of Nations covenant. Their argument was that if the Monroe doctrine principle were applied, Germany's application for the effect might be that the United States might be kept from again coming to France's help in the event of a future German ebullition.

## D. A. R. DELEGATES ATTEND 28TH MEET

(Associated Press Telegram) Washington, April 14.—Probably 1500 delegates were on hand today for the opening of the 28th annual congress of the Daughters of the American Revolution at memorial continental.

The morning session was taken up largely with the opening exercises and the address of the president general, Mrs. George C. Gurnea. Several proposed amendments to the constitution and election of officers are the most important matters to come before the congress.

## CLEMENCEAU PRAISES RAINBOW DIVISION

(Associated Press Telegram) Brest, Sunday, April 13.—Vice Admiral Morven, governor of Brest, reviewed the American 42nd (Rainbow) division here today and read a letter to the assembled troops from Premier Clemenceau in which the achievements of the division were eulogized. Brigadier General George W. Read received from the vice admiral the cravat of a commander in chief of the Legion of Honor and several other officers were made chevaliers of the legion. Later there was a brilliant farewell reception to the American soldiers who are to embark for the United States.

## ALLIANCE POLICEMAN KILLS MAN WHO FIGHTS

(Associated Press Telegram) Alliance, April 14.—John Pios 32, was instantly killed early today during a scuffle with policeman John S. Tully, who was trying to arrest Pios on a warrant charging him with disturbing the peace. Constable Murphy, who is investigating the affair, says Pios knocked the officer down and fought savagely, forcing the policeman to shoot. Policeman Tully has not been arrested.

**FUND AMOUNTS TO \$275.**

The fund being raised for the Adams family, by Manager Renberg of the Auditorium theatre, amounted to \$275 at noon Monday. Subscriptions are being received at the Auditorium and Lehighville theatres.

## QUOTA FOR FIFTH LOAN 75 PCT. OF THAT IN 4TH LOAN

Size of Victory Loan Surpasses Country's Financial Circles.

## PROPORTIONATE SHARE BANK DISTRICTS IS NOT CHANGED

Secretary Glass Announces Interest Rate and Maturity Date.

Terms of Victory-Liberty loan announced by Secretary Glass are: Amount, \$4,500,000,000; oversubscriptions to be rejected. Interest 4 1/2 per cent for partial tax-exempt notes, convertible into 3 1/2 per cent notes, wholly tax-exempt.

Maturity, four years, with the treasury reserving the privilege of redeeming the notes in three years. The 3 1/2 per cent notes, to be issued later also may be converted subsequently back into 4 1/2 per cent notes.

The 4 1/2 per cent securities are to be exempt from state and local taxation, excepting estate and inheritance taxes, and from normal rates of federal income taxes.

The 3 1/2 per cent securities are exempt from federal, state and local taxes, except estate and inheritance taxes.

The quota for the fourth district, Ohio, in the Victory loan will be about 25 per cent less than in the previous loan, approximately \$450,000,000, as against \$600,000,000.

(Associated Press Telegram) Washington, April 14.—Quotas of most communities for the Victory-Liberty loan will be three-fourths of the quotas in the fourth loan, the treasury explained today, since the \$4,500,000,000 total of the Victory issue is three-fourths of the six billion quota of the fourth issue. The goal assigned each community and state is left, however, to the federal reserve district loan organization and is not determined by the treasury.

In practically all cases, it was said, no change would be made by the district organization in the proportionate tasks assigned each community in comparison with the fourth loan. Quotas of the 12 federal reserve districts are the same in percentage as in the last issue and consequently the amount for each will be three-fourths of the share in the fourth loan drive. Announcement last night by Secretary of the Treasury Glass that the amount of the forthcoming Victory-Liberty loan would be \$4,500,000,000 came as a surprise in financial circles as it generally had been expected the amount would be considerably larger. In announcing the terms of the loan, Secretary Glass stated the loan would take the form of 4 1/2 per cent convertible notes maturing in four years with the treasury reserving the privilege of redeeming them in three years. The notes which will be exempt from state and local taxes except estate and inheritance and from normal federal taxes, will be convertible into 3 1/2 per cent notes from all federal, state and local taxation, except estate and inheritance taxes.

Over 11 million southeast of President, the interest rate of 3 1/2 per cent is the highest borne by any of the war loan issues, but is lower by 1/2 per cent than the rate said to have been urged by financial interests. The selling campaign opens April 21 and will continue to May 10.

## REFUSE TO RELEASE SPARTAN PRISONER

(Associated Press Telegram) Berlin, Saturday, April 13.—The Soviet congress was informed today that Geo. Ledebour, who is confined in Moabit jail and whose release was demanded March by the communist workers' council, will not be liberated.

Independent Socialist newspapers print an attack written by Ledebour while in jail upon Herr Heine, Prussian minister of justice, accusing him of mistreating Spartan prisoners in the Moabit jail.

He declared himself in daily fear of being murdered and that Karl Raudek's life was in constant jeopardy while he was in prison. Ledebour claims that he has heard rumors of wholesale executions there.

He declared that he has also heard rifle shots "indicating wholesale executions there."

## EXPECT SOVIET ATTACK ON RIVER IN DRESDEN

(Associated Press Telegram) Berlin, via Copenhagen, Sunday, April 14.—A Dresden dispatch to Voeseke Zeitung says that an assault by Soviet forces on the citadel in the Neustadt section of the city on the right bank of the Elbe is expected. Frontier troops and soldiers from Pomerania 11 miles southeast of Dresden have established themselves near the Catholic church to defend the northern end of the Friedrich Augustus bridge. Some of the Jaeger and Grenadier troops are reported to be unreliable, their arms having been distributed among the insurgents.

## DEBS BEHIND BARS OF MOUNDVILLE PRISON

(Associated Press Telegram) Cleveland, April 14.—Eugene V. Debs, many times available for prosecution to the federal authorities here this morning and a few hours later and for the federal prison at Moundville, W. Va., in charge of United States Marshal Charles W. Lipp, to begin serving his 30-year sentence for violation of the espionage act.

Debs was taken into custody by a federal court guard on Sept. 12 last on charges of violating the espionage act by making utterances against the government in a speech at Canton.

Before the train pulled out for Youngstown, from where troops lined the journey to Moundville, Debs was taken for an automobile ride, and show no signs of becoming worse.

## CZECHS EXECUTE CAPTURED BOLSHEVIKI LEADERS

The three persons in the foreground and the man above and at the right of the girl were executed twenty-four hours after this photo was taken. Four ringleaders of the Tomsk (Bolshevik) government were captured recently by the Czechs and imprisoned at Blatarnburg, Russia. Later they were executed—just a day after the above photo of them was taken. In the foreground at the left of the secretary who promoted Bolshevik propaganda.

## LITTLE FLORENCE WANTS EARLY PEACE SO DADDY CAN COME BACK TO NEWARK

Florence Lois Phillips, daughter of Lieutenant and Mrs. Howard A. Phillips, has never seen her daddy, who is a soldier, but expects to see him soon now as he is expected home at any time. She is but five weeks old, and with her mother lives in Western avenue. Her father is with the headquarters of army service corps in France.

There are probably many other war-babies whose soldier-daddies have not been able to return home yet to make their acquaintance and The Advocate would like to print the baby pictures.

## CITY AND COUNTY QUOTA WILL BE ABOUT \$1,500,000 IN FIFTH LOAN

Announcement of Size of Loan Reduces Amount Local Workers Must Raise in Coming Campaign—Labor Pledges Aid To Drive Which Opens April 21.

Paige was named to offer aid to the loan committee.

The trades assembly committee announced that all unions in the city would be urged to turn out 100 per cent strong for the parade.

The loan committee is working diligently on the program for meetings over the county in the interest of the loan and the enthusiasm reported from the various parts of the city and county indicates that the fifth loan, like all previous ones, will exceed the quota fixed by the headquarters of the Cleveland federal reserve district.

Factory units will be a part of organization for sale of new war bonds. So strong has been the demand of the workers and the industries that the old plan of selling by factories has been adopted.

The method was used in its most complete form in one of the bond drives and aroused great enthusiasm, especially among the city workers. The results were very satisfactory in developing latent powers of salesmanship among factory operatives. Arrangements are going forward to place each factory on an independent basis. Each will handle and have credit for its own bond sale.

The sales committees representing each factory are to meet at the Monocle temple for supper and conference at 8:30 Tuesday evening, eastern time.

## GREEKS ARRESTED FOR RIOT AT STRUMNITZA

(Associated Press Telegram) Soloniki, Sunday, April 13.—Greeks engaged in demonstrations near the city of Strumnitza have been fired upon by Bulgarian police sent from that place, according to reports reaching this city. No details as to the number of casualties have been learned. A large number of Greeks have been arrested for participation in law disorders in the region of Strumnitza and 20 have been sent to Sofia, it is said.

## FOG DELAYS START ON FLIGHT OVER ATLANTIC

(Associated Press Telegram) St. Johns, N. F., April 14.—Harry G. Hawker, lieutenant commander of the London Daily Mail's \$25,000 prize for an oceanic flight, announced today that the start of the trans-Atlantic flight for the next few hours at least was doubtful. Although the rain has ceased, the ground is still soft and the hangars are enveloped in a dense fog, both factors expressed impatience at their enforced delay.

Meanwhile Captain Raynham and Major Morgan, other contenders for the prize, are waiting in the hangars for an oceanic flight. Announced that they might make a trial trip tomorrow. All night long their machines had been working to assemble the Raynham plane. If Hawker is delayed, the ground is still soft and the hangars are enveloped in a dense fog, both factors expressed impatience at their enforced delay.

**CONDITIONS NOT GOOD FOR ATLANTIC FLIGHT**

(Associated Press Telegram) London, April 14.—The air ministry reports that little change in weather conditions over the Atlantic route. Variations in barometric pressure were very pronounced this morning with large areas of low pressure and high squalls of rain and no change in the present unfavorable condition is likely to occur at the end of the route during the next 24 hours. Conditions over New Foundland are more stable and show no signs of becoming worse.

## 250 BILLIONS IS PRICE HUN MUST PAY FOR CONFLICT

The three persons in the foreground and the man above and at the right of the girl were executed twenty-four hours after this photo was taken. Four ringleaders of the Tomsk (Bolshevik) government were captured recently by the Czechs and imprisoned at Blatarnburg, Russia. Later they were executed—just a day after the above photo of them was taken. In the foreground at the left of the secretary who promoted Bolshevik propaganda.

## JUDGE SMITH TO HEAR PHONE CASE

Is Assigned For April 25—Judge Fulton Will Hear Other Cases Assigned for That Date.

The Newark Telephone company's case against the city of Newark, a suit for an injunction to restrain increase in telephone rates has been assigned for hearing April 25. Foreign counsel in the case, wish to make arrangements to be present at the hearing and for that reason the case was specially assigned for that date. Judge Fulton will hear the cases which have been heretofore regularly assigned for that date, and Judge Smith will hear the telephone case.

## ELECTORS BLAME ENGLISH PREMIER

Disillusionment Over Conscription and Punishment of Kaiser Influences Elections.

(Associated Press Telegram) London (via Montreal), Sunday, April 13.—In commenting upon the result of the Hull by-election last week in which the coalition or government candidate was defeated, the Daily Express remarks:

"We have faith in David Lloyd George and Andrew Bonar Law as heads of the government, but no belief whatever in the abilities of several of their colleagues or in the policies these gentlemen are forcing on an unwilling people. The country is crying out against the men who want to carry the apathy and methods of the war administration into an era of peace."

The Daily News finds in the results a definite pronouncement against conscription.

The Manchester Guardian declares "the electors think they have been fooled and don't like it. There was a great deal of humbug and pure demagoguery at the general election and unpopularity of our versatile prime minister was in many ways than one responsible for these things. Germany, which was to pay all, will pay something if we are lucky, and the German state holds together, but not a tithe of what the electors were encouraged to think she would be made to pay."

The Guardian also ascribes the defeat to the disillusionment over the punishment of the Kaiser and the abolition of conscription.

## DIRECTOR HINES ON TOUR.

(Associated Press Telegram) Washington, April 14.—Director General Hines plans to make an inspection tour through the west, leaving Washington tonight and visiting the Pacific coast before he returns in about two weeks. His itinerary has not been finally determined. He probably will confer with William G. McAdoo, his predecessor, who is now at Santa Barbara.

## ALLENBY RESTORES ORDER IN EGYPT

(Associated Press Telegram) Cairo, Saturday, April 12.—An official statement issued at the headquarters of General Allenby, special high commissioner for Egypt and the Sudan, today reads:

"Since noon yesterday quiet has prevailed throughout Egypt. An attempt on Thursday to tamper with a railway resulted in the arrest of several persons and the cutting of telegraphic communication resulted in the village of Beni Sena, but being surrounded and given three days in which to produce the guilty persons. On Friday two rioters were killed and one was wounded when they were caught cutting telegraphic wires near Quesna.

"Four hundred persons have been arrested in connection with recent rioting. Apart from collisions with mobs on April 8, 10 and 11, four officers and 15 men have been killed through attacks on individuals. The police report the civilian casualties for the 24 hours ending at noon on Friday as being three killed and 15 wounded."

## OHIO INFANTRY REGIMENT RETURNING FROM ITALY WILL DISSEMBARK IN NEW YORK.

(Associated Press Telegram) Cleveland, April 14.—A Cleveland News dispatch from New York today said the Italian troopship Duca D'Aosta, from Marselles, two days behind her schedule, bearing the first contingent of the 32nd infantry from Ohio and Western Pennsylvania, to be paraded in New York on Easter Monday will dock at pier 97 today. Companies on the vessel were: Detachment of field and staff, headquarters company detachment, supply and machine gun companies A, B, C, D, E, and veterinary and medical detachments.

The company, from Genoa, bearing the second contingent is reported by wireless as only a few hours behind the Duca D'Aosta.

Both vessels should be in quarantine by nightfall, which, under existing laws, will compel them being held until tomorrow morning, when they will proceed to the Italian line pier in Brooklyn to embark the troops.

After debarking the troops will be taken to Camp Upton where they will entrain for New York for the parade on that day.

It was definitely announced in New York today that the immediate return of the Monday parade the Ohio troops will entrain for Camp Sherman, parading in Cleveland enroute.

**JOHN WALSH RESIGNS.**

(Associated Press Telegram) Washington, April 14.—Acceptance of the resignation of John Walsh of Washington, Wis., chief counsel of the federal trade commission, effective today, is announced.

# NEWARK GIRL IN "Y" WORK ABROAD

## Miss Fulton Works Fast When Unexpected Guests Are Announced as Hostess House.

The War Work Bulletin, published by the War Work Council of the National Board of the Y. W. C. A., gives the following story concerning the last night, confronted Miss Mary Fulton, of North Seventh street, Newark, who went abroad to do war work:

"I gasped for a minute, but of course it had to be done."

She was one of a little group of rather tired looking women at that center for all American war workers in Paris, the Hotel Petrograd, operated by the Y. W. C. A. Her name was Miss Mary Fulton of Newark, Ohio, and before the war she was a modern language teacher at Clarkburg, W. Va., and Lexington College, Lexington, Mo. But she has not had much to do with teaching modern languages for some time. She was at that minute in the middle of a conversation about her work at the Y. W. C. A. Hostess House in Neu-Chateau, France. She had just opened her house—opened it before the scrubbing was finished or the furniture in, because a Red Cross girl and a Y. M. C. A. canteen worker were sick and had to have a place to live.

Then the event happened which made her gasp. The R. T. O., meaning railroad transportation officer, of a nearby town called to announce that he was sending 20 nurses through on their way to Germany—and would she please take care of them at the Hostess House?

Of course it had to be done.

"So with the help of the Red Cross for cots and blankets, and the army for transportation of them, I got ready," the speaker continued. "I hurried my household through dinner. By the time I had the cots in the living room—filling every corner of it, the contingent arrived. The R. T. O. had said they would have their dinner, but of course they hadn't and were starved."

"I sent some one of the Red Cross canteen for sandwiches and with the aid of all the tea and tea cakes I had, was able to satisfy them partly, anyway. Then we crammed the rest to the house full of cots and blankets until we had enough up. I had just turned out the last light and stretched my weary legs in bed when the phone rang. It was hard to get to and from the cots there, but I did, and found it was the provost marshal asking if I could possibly take in an old French woman who had been brought up for a court martial case. By this time I was just being floored by anything so I just put up another cot in the kitchen and took her in."

"The nurses had to leave on a 5:30 train so there wasn't a great deal of sleeping time left in that night."

"I had folded the last cot and the next to the last blanket, after seeing them off, when the mother of our 'refugee baby' came rushing in as white as a sheet gasping—'Mademoiselle—malade—' The baby was as nearly gone as possible. It had pulled a pillow over its head and was suffocated. I could get no doctor by the telephone. However, fifteen minutes' strenuous work on our part revived it."

"Honestly, we are proof against anything now. I think. For after those two sick girls had spent the night with me, I found they both were recovering from the 'flu,' but none of the rest of us got it. Really the only thing that's worrying me is that I am afraid I'm going to break the bank buying fuel."

# ANNIVERSARY OF SHOT AT SUMPTER

Editor of the Advocate—During our great world's war, there were many shots fired, from the most monstrous guns of all nations that were active in its terrible work. The Big Bertha, the Armstrong, the Great, and the long distance guns of Germany, that astonished the world in the enormous distance of the flight of their shells, that caused the consternation of the citizens of Paris; and we know that our own dear United States had the climax in guns awarded to reduce the great fortification of Metz, and would have hurled the most deadly gas shells, if the war had lasted but two short weeks more. They were designed and were being put in place by our peerless navy when the armistice was declared.

But all Americans should remember that America has had the "greatest gun" in the world for the last 50 years; and from this gun, "the shot that was heard around the world," was fired at Fort Sumpter by the Confederates firing on the "Star Spangled Banner" on the 14th day of April, 1861.

An Englishman who was bragging about the great guns of England, and showed the American, the then, world's greatest long distance gun, "the queen's pocket piece," which bore a plate, upon which was inscribed the words:

"Load me well, and keep me clean. I'll carry a ball to Calais even."

That is exactly what the gun was to do. The Englishman says to the Yankee, "can you beat that?" The Yankee replied that would not be compared with the gun we have, no more than a horse-spade is in Texas and the breech is in Maine. We fired it in 1861 and we have not got done hearing the report of it yet."

But thank God the great Americans who clashed in 61 were fathers of the same boys who showed the whole world that we have never been beaten, nor has our "glorious" army ever surrendered.

# FESSLER SEIZED WITH PNEUMONIA

## Newark Soldier Critically Ill Next Day After Reaching Demobilization Camp In Ohio.

After going through the heaviest of the battles, reaching the United States, and within a few hours of discharge, George Fessler, son of George Fessler of South Newark, may die before he receives his discharge.

He returned with Battery C, of the 134th field artillery of the 57th division, and reached Columbus last Thursday. He came to Newark and spent Thursday night and paraded with his outfit in Columbus Friday and left with them for Camp Sherman. Sunday night word was received that his condition was critical, that he was suffering with pneumonia. His uncle, August Meier, his sister, Mrs. George Fessler at Jefferson street, and his brother, Dale Fessler left for Camp Sherman last night.

Another brother, William Fessler, enlisted with his brother, served with him, and is now at Camp Sherman awaiting his discharge.

# BOWSER BEATS BURNS IN TWO STRAIGHT FALLS

The largest crowd of the season attended the Bowser Burns match at Delaware last Friday night and witnessed the Newark man win the decision in two straight falls, the first in 15 minutes and the second in 12. The big crowd grew enthusiastic over Bowser's wonderful showing and shouted its approval. Jack Hamilton of Columbus won from Gallagher in the preliminaries. A large crowd of Newark rooters for Bowser will attend the Gardner Bowser match in this city next Monday evening at the Auditorium.

# SEES TRAIN PARADE IN TOLEDO SATURDAY

Pat Glancy of North Fourth street was in Toledo Saturday to witness the big military parade and the welcome to the boys who have been overseas. His son, Pat, Jr., a member of the 11th ammunition train, participated and after the parade the two met and had a family reunion at the Elk club. The son left for Camp Sherman Saturday night and yesterday was getting out the discharge papers for 335 boys who were members of ammunition train. Eight hundred were inducted into the service and the 265 were detached and sent to other units.

# HOW WEAK WOMEN ARE MADE STRONG

Mrs. Westmoreland Tells in the Following Letter.

Harrison, N. Y.—"When my first child was born I did not know about Lydia E. Pinkham's Vegetable Compound and had a very hard time. I read in the newspaper about the Vegetable Compound and when my second child came I took it and was well during the whole time, and childbirth was a hundred times easier. Ever since then I have used it for any weakness and would not be without it for the world. I do all my work and am strong and healthy. I am nursing my baby, and I still take the Vegetable Compound as it keeps a woman in good health. You may publish my testimonial for the good of other women, if you choose to do so."—Mrs. C. WESTMORELAND, Harrison, N. Y.

Women who suffer from displacements, irregularities, inflammation, ulceration, backache, headaches and nervousness should lose no time in giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial, and for special advice write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

# AMUSEMENTS

**AUDITORIUM.**  
"Queen of the Sea."

Even readers isn't enough these days, according to America's Kellerman, the internationally famous woman swimmer.

"They wanted realism recently in a picture in which I was starred," she explains, "and so they stretched a cable from a tower on a point of land, across an arm of the sea, to the mainland opposite. I was on the wire while one clapped me into the 85 feet of space between my starting point and the water. I did the stunt five times before the picture took."

"The other day I was witnessing a private showing of the production. A party of women were present who did not know me, and I overheard one of them remark, knowingly: 'Oh, that isn't real! It couldn't be! They must use a dummy.' I didn't remain to see the rest of the picture. What was the use, after that?"

The thrilling dive which Miss Kellerman made is shown in the newest Wm. Fox submarine spectacle, "Queen of the Sea," which is seen at the Auditorium today together with Roscoe (Patty) Arbuckle in "The Cook." It is the thrill with laughter, then it must be the Auditorium for you.

**"Pretty Baby."**

One of the biggest and most costly organizations in musical comedy is the "Pretty Baby" organization, which comes to the Auditorium theatre for one night on next Wednesday, April 16th. To the regular patrons of this form of amusement, this exceptional show promises to be a refreshing treat out of the ordinary, offering as it does a bewildering array of lively entertainment, screaming farce, titillating musical travesty, exuberant extravagance and scores of terpsichorean reveries upon a really high-grade scale. It is different from the usual run of musical comedies as can be—indeed, there is so much show, so large a company, so many specialties, that it seems incredible that it all can be so nicely dovetailed together into a composite performance that speeds at headline pace. Jimmie Hodges claims he has the handsomest and best trained chorus in musical comedy. Seats were placed on sale today.

**He Pulls the Strings.**

The matinee idol is an historic butterfly in crystalline whose life is of brief duration—perhaps five years. His popularity is a meteor doomed to a warning exit from the dramatic skies, and his meteoric rise and fall are the tragedies that soon lose their zest. And the end—is the end. There is no returning. Allen J. Holubar is authority for the foregoing, and Holubar played "hero" roles for several years on the legitimate stage when Henry W. Savage's company.

The subject arose when Holubar was asked why he deserted the stage and leading screen roles for directorial work. Here is the Universal director's reply:

"The screen drama attracted me primarily because of its future. It is the biggest medium for an actor yet conceived; its scope is unlimited. We all

know the restrictions of the stage; on the other hand, of course, we appreciate the beauty of the spoken word.

"But apart from this it was for a long time my consuming ambition to direct rather than to be directed. I desired to pull the strings that control the actor puppets rather than to be the object of such directorial manipulation."

"The Heart of Humanity" will be shown at the Auditorium theatre on Thursday, Friday and Saturday.

**ALHAMBRA.**  
Charles Ray.

Political corruption, hypocrisy, bribery and honesty are the elements which combine to make "His Own Home Town," the new Paramount photoplay starring Charles Ray, a most notable production. Mr. Ray has thousands of admirers, who have been attracted to him by his versatility and conscientious work, and in the role he portrays in this photoplay, he appears to signal advance.

The scenes of "His Own Home Town," are laid in a small city, which is dominated by a political boss and a few of his henchmen, including a hypocritical churchman, the father of Jimmy Duncan, which latter role is in Ray's hands.

Debauching of realizing his ambition in his home town, Jimmy quits it to make his fortune elsewhere. He returns after a year or two, upon the breakbeam of a train and quietly enters his paternal home, where he is met by his father and a decidedly professional reception, whereupon he leaves his parents' home forever.

In protecting a man from robbery at the hands of gamblers, he is involved in a fight which provokes a police raid and his arrest and exile from the city. At the Alhambra theatre today and tomorrow, Charlie Chaplin in "Shanghied" is an added feature.

**"Never Say Quit."**

An unusual honor was conferred on George Walsh recently when he was invited to give a private screening of some of his pictures before the faculty of Fordham University, where he formerly was a student. Before the screening George was a dinner guest of several of the clergymen who are professors at the university, and in the course of the dinner recounted his experiences as a film star. When George attended Fordham he attained fame as a football player, track athlete and basketball star, and the clergymen who formerly tutored him as a student were deeply interested in his new work.

"Never Say Quit" is Walsh's next picture at the Alhambra, Wednesday and Thursday, together with Houdini in the eighth episode, "The Master Mystery."

**Have You a Twin?**

"In Hidden Fires" Mae Marsh has a dual role. She enacts the part of Peggy Murray, a hotel news and girl who steps into another girl's shoes. The

striking likeness of Peggy Murray to the "other girl," Louise Parkes, also played by Miss Marsh, forms the basis for the story of the play. Mr. Fox will admit free to the Alhambra where this feature is screened on next Friday and Saturday, all twin sisters in town. If they be no twin sisters, he will invite all girls, bearing a marked resemblance to each other.

**Real Reel Comedians.**

There are three real reel comedians in "Sleuths," the new Paramount-Mack Sennett comedy which will be shown at the Alhambra today. They are Ben Turpin, the man with the squint which has made his fortune, Charles Lynn, a popular player, and Marie Prevost, a pretty comedienne whose popularity is unbounded. The two men are detectives in "Sleuths," whose peculiar business methods gets them in serious trouble, while Marie Prevost is a stenographer who sets things aright at the end.

**Houdini's Fistic Prowess.**

Houdini, the handcuff king, is a small man, as stature goes, but pugilistically, he is a match for men of much larger size. He will be seen at the Alhambra theatre Wednesday when the eighth episode of B. A. Rolfe's super-serial "The Master Mystery," of which Houdini is the star will be shown.

In this episode Houdini takes part in two fistic encounters and the battles he puts up against large superior forces would credit to a professional champion. The fights are the real things, too, as both Houdini and his opponents will readily testify.

**LYRIC.**

"Laugh, and the world laughs with you," says Bennie Gould, a popular comedian with the Hoosier Girls company, which is offering "Keeping Her Eye on Hubby" at the Lyric theatre tonight. Mr. Gould has an exceedingly clever role in this play, of which he makes the most. He is given every opportunity to display the smile and manner that has made him a favorite with patrons of the Lyric, and his popularity is further increased by a new song, which Bennie gets across in fine shape.

**GEM.**  
Tonight.

Vivian Martin has a chance to wear some pretty modern frocks in her newest Paramount picture, "Molly Entangled," which is to be shown at the Gem tonight. She welcomes the change from the rags and tatters and boys' clothes that she has been wearing in the last few pictures.

**Tuesday.**

It is seldom indeed that a motion picture cast actually achieves the honor of being an "all-star," but such is the cast which was chosen to support young Wallace Reid in his newest Paramount photoplay, "Nan of Music Mountain," which will appear on the screen of the Gem theatre Tuesday.

## FINDS CORN SILK

Extract Combined With Simple Drugs, Makes Wonderful Kidney and Bladder Treatment.

How amply nature provides! Even in corn silk is found medicine that properly used has proved to be mankind, suffering from urinary disturbances.

When kidney and bladder trouble occurs there is usually inflammation and congestion and experience shows that the concentrated extract of ordinary corn silk, combined with other simple drugs, will quickly correct such conditions and restore the normal action of kidneys and bladder before more serious conditions arise.

Corn silk extract is found in Balmwort Tablets, a modern and highly successful medicine that has become popularly used throughout the United States. Men and women everywhere now rely on Balmwort Tablets when ever any kidney or bladder trouble afflicts them.

Mr. John Shore, 151 South A street, Fort Smith, Ark., writes:

"I have been taking your Balmwort Tablets for a very bad case of kidney trouble and am glad to say they have done me a great amount of good. I had to get up six or seven times a night, but since taking them I have slept peacefully all night and do not have any more trouble. Thanking you, etc."

A trial will convince. Ask any leading druggist for Balmwort Tablets. Price, \$1.00 (Adv.)

## SOCIAL AFFAIRS

Announcements have been received telling of the marriage of Miss Bessie Mills of Baltimore, Md., and Mr. Stanley Stator, also of Baltimore, formerly of Newark.

The wedding took place on Sunday, March 30, 1919, in Baltimore and they will be at home April 10 at 210 North Kenwood avenue, Baltimore.

The bridegroom formerly lived in Lawrence street, and was graduated from the Newark High school with the class of 1906. He was a star athlete during the high school years, and later attended Purdue University. He was a charter member of the local Phi Sigma Chi fraternity, and went to Baltimore in the employ of the Baltimore & Ohio railroad.

The members of the Good Samaritan Bible class of the Plymouth Congregational church will meet at the home of Mrs. G. C. Jones in 89 Ninth street on Tuesday.

Mrs. William Pryor, Mrs. Clyde Pryor, Mrs. William Hunter, Mrs. Carl Smith and daughter, Mrs. L. B. L. F. and E. Lodge. While here they were guests of Mrs. Clarence Pryor and Mrs. John Mitchell.

Mary Brownfield entertained at her home, south of the city, Tuesday evening, with a surprise party, honoring her brother, George Brownfield, on his birthday anniversary. The evening was spent in music and dancing. At a late hour a dainty repast was served the following guests:

Mr. and Mrs. Chester Wilson, Mr. and Mrs. Ralph Ury, Mr. and Mrs. John Wilson, Misses M. and E. Hambley, Mary Ury, Mildred Thompson, Florence Goldenberger, Helen Brown, Mary Vogelmeier, Marie Baker, Gertrude Harrison, and hostess, Messrs. Carl Wilson, Edward Vogelmeier, Raymond Orr, Oscar Orr, Aaron Richard, Chester Hambley, Roy Ball, Earl Cooperider, Charles Lee, Mayne Dumm, William Murphy and George Brownfield.

Mr. and Mrs. Wayne Sheppard entertained Sunday in the form of a welcome home to their two nephews, Leroy B. Walker, returned from France and honorably discharged from the service, and Fred Walker returned from France and home from Camp Sherman on furlough. He is still having his wounds treated at the hospital.

A delicious dinner was served to the following: Mr. Fred Walker, Mr. Leroy Walker, Mr. and Mrs. George Walker, Mr. and Mrs. Ralph A. Mescham, and children Eileen and Lucille, Mr. and Mrs. Wayne Sheppard and Mr. Ernest Sheppard.

The Isabel Miller W. C. T. U. will meet in the East Main Street U. B. church on Tuesday at 2:30 o'clock. The president will give a report of the work. Dues will be received at the meeting.

Mrs. Harry Rainey was hostess to the Isolaetta club at her home in Buena Vista street on Thursday afternoon. An enjoyable afternoon was spent in music and needlework. A delicious dinner was served. The guests of the afternoon were Mrs. Davidson, Mrs. Connolly and Mrs. J. L. Rainey.

The next meeting will be held at the home of Mrs. Ora Andrews, 44 Wing street.

Bans were published at the Church of the Blessed Sacrament on Sunday for the marriage of Miss Bessie Raftery and Mr. Lawrence McWilliams. Miss Raftery is the daughter of Mr. and Mrs. J. J. Raftery of Curtis avenue, while Mr. McWilliams is the son of Mr. and Mrs. James McWilliams of Tenth street. He is located at Lockington, near Dayton in the employ of the Miami Conservancy district.

Florence M. King will present the annual Monday Talk benefit for the Public Library at the High school auditorium, Tuesday evening, April 22. The public is cordially invited. Admission free, but a collection will be taken. The program consists of a group of three one-act plays.

Miss Gladys Beecher will entertain the members of the Brightening Circle of the King's Daughters at her home, 14 West Church street on Tuesday afternoon at 3 o'clock.

Amos Nichols.

The marriage of Miss Edith May Nichols and Mr. Amos Nichols took place Saturday afternoon at the parsonage of the Woodside Presbyterian church, Rev. D. A. Greene officiating. They were unattended and left Sunday for a wedding trip to New Jersey. The bridegroom is an employ of the Midland Shoe company and on their return will reside in Newark. Both were active workers in the Woodside Presbyterian church.

Bans were published Sunday at St. Francis de Sales church for the approaching marriage of Mrs. Daisy Grace Sohn and Mr. William Shannon.

Orre Clark.

The marriage of Miss Orre Clark and Mr. Homer Orr was solemnized on Saturday evening at 5 o'clock by Rev. Ernest Wright, at his home near Granville.

The bride wore a spring suit of blue serge and a large, loose, white lace collar. Her bridesmaids were Miss Vesta Wilson, while the bridegroom's best man was Mr. Freeman Dushmeier.

Mr. and Mrs. Orr left for an automobile trip and on their return will be at home on a farm near Jacksonville. The bride is the daughter of Mr. and Mrs. Roy Clark of North Pine street and has been stenographer at the Home Building Association. Mr. Orr's home has been near Jacksonville.

Aching, Swollen, Perspiring Feet

In one minute after an application of Dash Balm you'll get the comfort of your life. Your feet, tender, aching, burning feet will literally jump for joy.

Dash Balm is easy, and simple to use. No fuss, no trouble, you just apply it over the surface of the foot, night and morning, or when occasion requires. Just a little and rub it in. It's simply wonderful the way it ends all foot misery, while for feet that sweat and give off an offensive odor, there's nothing better in the world.

Get a small tin today on the money-back if dissatisfied plan, but be sure you avoid substitutes. Look for the name Dash Balm on every package.

## GRANVILLE

(Special to the Advocate.)

Granville, April 4.—A meeting of the Soldiers' association of the G. A. R. was held Saturday evening in the War Mothers' rooms to formulate plans for the observance of Memorial Day, on May 30. The women present were: Mrs. Stickney, Mrs. Sheppardson, Mrs. Shuck, Mrs. Harry Howe, Mrs. Swartz, Mrs. Fred Buxton, Miss De France, Mrs. Burton Case. Mr. Norris conducted the meeting and asked that tentative plans already formulated be approved. A committee on securing a speaker was elected: Rev. T. G. Field, Rev. James Detweiler and Judson Evans; a committee on program and music composed of Mrs. W. P. Ullman, Mrs. J. D. Thompson, and Mrs. Ernest Sheppardson; a committee on flags and flowers, Mrs. C. B. White, Miss Sarah Evans, Judson and Edward Evans and Frank Weston; on band music: T. A. Jones. The Presbyterian minister was named for the delivery of the memorial sermon. The three patriotic women's societies will have charge of a brief memorial service in the cemetery on Decoration Day, for those from this community who laid down their lives during the world war in defense of liberty. These societies will also consider the erecting of a suitable memorial tablet, recording the names of men who have fallen in defense of their country in the four great wars: the Revolutionary, the Civil, the Spanish-American and the World War.

Impressive funeral services for Louis Scott, who died Friday, were held Sunday afternoon at 2 o'clock in the Baptist church, conducted by Rev. H. H. Carter, and gave the scripture reading: Rev. C. L. Williams offered prayer; President Chamberlain represented the university; Harold Phillips the student body, and C. A. Youkum, Phi Delta Theta, made a eulogistic tribute to the deceased. Music was furnished by Mrs. Theodore Johnson in a vocal solo, and by Miss Imogene Hamblin and Mr. Phillips in a vocal duet.

Mrs. C. D. Coons observed the birthday anniversary of her daughter Jane by giving a charmingly appointed spring party to a dozen of the latter's little playmates, at the home in East Broadway, Saturday evening. Games were enjoyed, and a dainty supper was served for which the decorations and favors were delightfully unique and all suggestive of spring and Easter.

Horton Buxton of the 37th division, has been discharged from Camp Sherman and returned home Friday evening. He is looking well after strenuous months on the western front. He enlisted with a Toledo battery, which engaged in some heavy fighting, and young Buxton did his share.

George Boyce, Jr., of Chicago, lieutenant in aviation service, who has been visiting his parents, Mr. and Mrs. E. J. Dorsey, has returned home.

The Denisonian states that Joseph H. Char, Korean, has temporarily suspended his studies in Doane Academy, while he is traveling in the United States, speaking to audiences and raising money for the Korean independence movement. Char has been in Philadelphia during the past week, attending a Korean national convention. He expects to return to Doane Academy, his country is liberated from the Japanese.

Mrs. Christine Cook entertained twenty-five members of the W. C. T. U. Friday afternoon at her home in West College street, where a most enjoyable program was presented. Mrs. John McManis, president, conducted the business session after which Mrs. Sarah Meyers was announced as leader of the topic: "Evangelistic Service." Among those who spoke were Mrs. Wm. Howe and Mrs. Lucy Van Kirk. Following the program the hostess served refreshments.

Miss Elma Grove of Newark spent Sunday in Granville as the guest of her uncle and aunt, Mr. and Mrs. E. J. Dorsey.

Frank S. Robinson, who accompanied his mother-in-law, Charles Seymour, to Hot Springs, Ark., and has been victim to the flu for the past week, is reported as slowly improving.

Mrs. P. L. Ferguson, who was called to Dayton ten days ago by the illness of her son, Charles, has returned to Hot Springs, Ark., and her condition is much improved. Mr. Legler is able to leave the house and Mrs. Legler is rapidly convalescing.

J. W. Akeley received a telegram this morning announcing the death of his mother-in-law, Charles Seymour, at his home in that city. Mrs. Akeley was already at the bedside, having gone to Defiance last Friday. Mr. Akeley will attend the funeral.

Miss Addie Shank left on Sunday for Washington, D. C., where she will spend some time with her brother and sister, Mr. and Mrs. O. H. Burris, for a fortnight.

Mrs. Margaret Halderman returned Saturday night from a visit with relatives in Martinsburg.

WILL OBSERVE MAY 4 AS EMPLOYMENT SUNDAY

(Associated Press Telegram.)

Washington, April 24.—Churches throughout the country are observing with the United States employment service in finding work for discharged soldiers and sailors will observe May 4 as "employment Sunday."

From thousands of pulpits appeals will be made for aid in placing men in industry. The idea originated with the Methodist committee on reconstruction at home and has been adopted by all Protestant denominations represented in the federal council of churches.

FRANKLIN.

The regular communion service was held at the Lutheran church, Sunday, at 11:30 a. m. in eastern time.

A son arrived at the home of Mr. and Mrs. Ray Buxton early Thursday morning.

A member of the friends of George Buxton surprised him at his home, Tuesday evening, at 10:30 p. m. with a very unusual gift, especially to children, was the moving of a heavy trunk, which he had been carrying several days, to his home, being exactly a comparison to the tractor auto mobile and airplane.

Mrs. Dorothy Hockinson of Newark has been visiting her daughter, Mrs. Walter Sherman.

Orville Buxton has opened a garage in Holden.

Miss Mary Vetter entertained a number of her young friends at her home last Thursday evening in honor of her brother and wife, Mr. and Mrs. Ralph Vetter.

The Women's Missionary society met last Thursday at the home of Mrs. E. Buxton.

Miss Anna Seeger of Newark, special week visitor, friends and Jonathan T. Vetter, two of Franklin township's oldest citizens, are confined to their homes most of the time. David Vetter is still able to be out.

## Famo Makes Women's Hair Grow Luxuriantly

Beautiful, healthy, lustrous hair comes to the head on which FAMO is used regularly.

Women have reported to us that their hair grew as much as four to six inches a short time after they began using FAMO.

It also grows men's hair, even where baldness is beginning to appear.

Unless the hair roots are absolutely dead, FAMO will grow hair.

FAMO grows new hair because it destroys the seborrhea germ which is killing the hair.

The seborrhea bacilli go down into the glands and attack the hair roots.

Unless they are destroyed they will eventually kill the hair. With the germ at work the hair is fighting for its life.

Nature fights against disease. But it cannot conquer—alone. FAMO will give the necessary aid to assure a healthy scalp.

FAMO will destroy the dangerous bacilli and make the hair grow luxuriantly.

It stops all itching of the scalp. FAMO is the result of three years of scientific experimentation in one of the greatest pharmaceutical laboratories of Detroit.

Its ingredients have been well known to physicians for years but have never before been used on the head.

FAMO has accomplished wonderful results. Every member of the family should use it regularly. It contains no alcohol.

FAMO is sold at all toilet goods counters and applications may be had at the better barber shops and hair dressing establishments.

It comes in two sizes—a small size at 35 cents and an extra large bottle at \$1. Your money will be refunded if you are not satisfied.

Seborrhea is the medical name for a morbidly increased flow from the sebaceous glands of the scalp. The seborrheic excretion forms in scales or flakes and is commonly known as dandruff.

## 37TH DIVISION MEN HOME ON FURLOUGHS

Thirty-seventh division men who are awaiting their discharge at Camp Sherman, took advantage of short furloughs, Saturday and Sunday, and many of them visited their homes in Newark.

Some came in early Saturday night, while others did not arrive until after midnight. All of them expect to receive their discharge not later than Saturday of this week.

Among those who were home were: Alexander Clayton, John and Karl Kuster, "Bun" Coulter, George Plier, Paul Snyder, J. D. Roller, Bernard Ewald, Vincent Roll, James Grady and Paul Davis.

Clayton, while here, told of being near a bomb dropped by a German aviator four hours after the armistice was signed, and which killed 70 Americans.

Most of the men were with the 112th ammunition train and were near the firing line for quite a while, and did excellent work keeping the big guns supplied.

FIGHTERS LAND IN CELL; ONE DISMISSED

Mayor Atherton had a varied group of officers before him this morning charged with a number of misdemeanors. Two aspirants for the welterweight championship appeared in court and the younger, a lad of 17, was sent to the juvenile court while the older was dismissed as he proved to the chief executive's satisfaction that he was not the aggressor.

A disky-headed individual who hailed from Albany was charged with having been in the city, he admitted the mayor that business was poor and that he only secured the price of one gun. He was asked if he was a good pedestrian and answered by saying he formerly belonged to the Melchists but had fallen from grace. He was given 20 minutes to leave the city and answered by saying: "Does it won't take me too."

Another individual was charged with intoxication and petty larceny and when searched at the city prison, enough money and valuables were taken from his pockets to open up a French store. He was given \$5 and the cost on each charge. Another drunk was fined \$5 and the costs and sent back to the city prison.

## ANGRY SOLDIERS KILL SAXON WAR MINISTER

Copenhagen, April 14.—Herr Neuring, war minister in the government of Saxony, was killed at Dresden Saturday by discharging soldiers to whom the minister had refused a hearing. The war ministry was stormed by demonstrators, who dragged out Herr Neuring and threw him into the Elbe, where he was shot and killed as he tried to swim to the bank.

Wounded patients in the Dresden hospitals, says the Dresden dispatch detailing the occurrence, collected in the morning in the theater square to protest against an order issued by Herr Neuring to the effect that the wounded in future should receive only peace-time prices. Five or 600 men formed a procession to the war ministry and into the local authorities' residence from who refused, however, to receive them.

Upon this the crowd, incited by communist speakers, stormed the entrance to the buildings. The sentries used their weapons, but were overpowered. Government troops were summoned, but they declared they would not attack the crowd and marched off after surrendering their arms.

An excited crowd meanwhile had thronged the square in front of the building and machine guns posted at various points were firing on the ministry. At 4 o'clock in the afternoon the demonstrators had forced their way into the main building, followed the war minister to the upper story, where he had fled, and dragged him out into the street.

**MAJOR QUESTIONS**  
 (Continued From Page 1)

The Council of Four that such a step might be interpreted as amounting to annexation, the French government made it clear on March 28 that it did not want to maintain its demand if Great Britain and America demanded it to be objectionable. Since that date the French government has confined itself to claiming that the coal of the Sarre valley was due to France as a part of the reparations.

The principle was agreed to by all parties, as it is recognized that the transfer of the mines to France is but inadequate compensation for the havoc deliberately wrought in northern France and the Germans. The solution last week by Mr. Lloyd George. It consists in giving the Sarre a kind of autonomy very much resembling that of Luxembourg. Under such a scheme the local authorities would remain free from any interference on the part of either the French or German administration, the political status of the district being, besides, guaranteed by the League of Nations.

The scheme was carefully worked out by a sub-committee. The scheme was laid before the council of four early last week and heartily supported by Mr. Lloyd George.

**ENGLAND NOT PLEASED WITH REVISED DRAFT**

(Associated Press Telegram)  
 London, April 14.—The summary of the amended covenant of the League of Nations evokes no enthusiasm in the London morning newspapers, and it is declared by some commentators to be less satisfactory than the first draft. The Chronicle, for instance, points out certain points which it thinks makes the new draft "distinctly and perhaps decisively inferior to the old."

The newspaper condemns the policy of requiring unanimity for the decisions of both the council and assembly and also condemns the terms upon which the covenant may be amended and permission given any nation to withdraw on two years notice. It regards the covenant as unharmed by the Monroe doctrine amendment, which it believes should facilitate the admission of the United States to the covenant.

The Daily News which is a warm champion of the principle of the league sees danger in some of its provisions. It objects to the constitution of the new council which, it says, "will manifestly be controlled by prominent representatives of the five great powers when they are in agreement," and it fails to see how the four representatives of other powers chosen for the assembly can have much independence.

**WILL RETURN FRIDAY.**  
 (Associated Press Telegram)  
 Paris, April 14.—(Havas)—Premier Lloyd George's trip home to England will be a brief one, according to the Petit Journal today. He will be back in Paris Friday, to attend the peace conference proceedings, the newspaper says.

**Marriage Licenses.**

Maurice H. Plinn, Jr., clerk of this city, Miss Benah Mae Marlowe, Uta Rev. R. E. Carman named to officiate. Homer L. Orr, farmer, Franklin town, Miss Osa L. Clark, stenographer, of this city. Rev. E. J. Wright named to officiate.

## FOR NERVOUS INDIGESTION

When you use your brain it calls for an extra supply of blood.

When your stomach digests food the blood rushes to that region.

To do strenuous mental work after a hearty meal is to put unnecessary strain on the system. Busy American brain workers do just that and do it constantly. Therefore nervous indigestion is a common American disease. How it can be remedied is shown by the experience of the Rev. Giles Schumann, of No. 1232 Third street, Kesselsaer, N. Y.

"I think that my trouble was caused by overwork and worry," says Mr. Schumann. "For an hour or two after eating I suffered distress from gas on the stomach and at times had sick headaches. I lost weight, was restless and did not get proper benefit from my sleep. My trouble extended over a period of two years and although I tried many remedies nothing gave me permanent relief until I tried Dr. Williams' Pink Pills."

"I learned of the pills through reading an article in a newspaper and I had taken them only three or four days before I noticed a marvelous, almost miraculous change for the better and the improvement continued. I am recommending Dr. Williams' Pink Pills whenever I find anyone who is suffering from nervousness or stomach trouble."

Dr. Williams' Pink Pills are an ideal tonic for nervous people because they are non-alcoholic.

**LARGE WHEAT ACREAGE PROMISES BIG YIELD**

There is an unusually large acreage of wheat in Licking county this year and leading farmers say that its present condition is excellent.

The outlook is for a wonderful wheat crop. On April 1, the government reported the condition of winter wheat at 98.3 per cent, the highest condition ever recorded. This indicates a yield of about 87,000,000 bushels, compared with 558,000,000 bushels in 1918 and 413,000,000 bushels in 1917, so that this is nearly twice the average yield before the war.

Rye also promises a record crop of 101,000,000 bushels, as against 89,000,000 bushels last year and 63,000,000 bushels the year before. It is possible says Henry Cleary, New York city, that the summary that these figures may undergo deterioration; yet a very high yield is practically certain, which at the price of \$2.25 per bushel establishes by the government means prosperity for all parts of the country.

Our railroads will therefore experience a much larger traffic than usual during the latter half of the current year. Incidentally this should aid in adjusting railroad losses, which must be offset either by advanced rates or considerably larger traffic.

Jenkins Drug Store—"For several years I have been in a very bad nervous condition and during the past year I have suffered greatly. I was confined to a diet of milk toast. Could not eat anything else and even the toast did not digest. My nerve force was very low. I could not sleep. I was formed in my stomach and caused me much misery. Had rheumatic pains. I tried the doctors, went to the hospital, but all to no avail. The trouble still continued. I came into your store one day and talked with the demonstrator. On that day I did not care whether I lived or died. I was very skeptical as to whether Nerv-Worth would help but was assured it would. Now after using one bottle all the troubles mentioned above Nerv-Worth, I can eat anything I want. No more nervousness. No more bloating or pains around my heart. Sleep well. Have gained in strength and three pounds in weight. Nerv-Worth did its work promptly and efficiently and I recommend it to all."

## WAR PRISONERS WANT GOLD SERVICE STRIPE

With the American Army in France, April 5.—Correspondence of the Associated Press.—The immense amount of work in constructing roads, building barracks, unloading and reloading the vast tonnage of supplies for the American army gave several prisoners of war on the front area the idea that they were worthy of recognition in the service of the A. E. F. and accordingly having finished six months of good, hard work, the boches concluded that they were eligible to wear a gold service chevron.

They blossomed forth one day with a bright gold chevron glittering on the lower part of the left sleeve. It was wholly out of harmony with their general appearance, according to the sharp vision of the military police who had charge of their surveillance. The "M. P.'s" could not understand this hybrid embellishment, coupled with the large letters "P. W." signifying "prisoners of war" on their back.

Fulfilling this duty he inquired the purpose of this unauthorized dangle on the left sleeve. The boche explained his affiliation in the American army but that did not satisfy the "M. P." Off came the chevrons with one strong rip.

Salad Mold—Style D

Pure aluminum. Over pint size. Serves a six-portion vegetable salad, meat, fruit, or dessert. The six indentations mark the six portions. Value, 50c. Send five Jiffy-Jell trademarks for it.

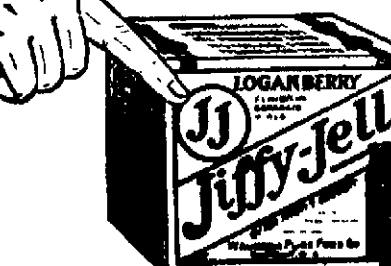

Fruit Salad Mold—Style E

First mold of pure aluminum. Serves a full package of Jiffy-Jell. Value, 50c. Send five Jiffy-Jell trademarks for it.

Individual Dessert Molds

Pure aluminum. In assorted styles. Six will serve a full package of Jiffy-Jell. Value, 50c. Send one Jiffy-Jell trademark for each, or six for a set of six molds.

This Week Only

Each Jiffy-Jell package has a "J" trademark in a circle on the front. We will pay you 10 cents in aluminum mold values for each circle you send us this week.

Note our mold offers at the side. Some of these molds are new. Pick out the mold or the molds you want, and send us these "J" trademarks, counting as 10c each, to cover the value as stated. Send no money. We pay postage on the molds.

Note that Jiffy-Jell costs you 12 1/2 cents per package. And the trademark alone is worth 10 cents on these molds, if sent this week.

Send as many trademarks as you wish this week. Or, if you prefer, send grocer's sales slip, showing amount of purchase.

This offer is made to start new users—to show them what Jiffy-Jell means to them. But present users are welcome to accept it. Get Jiffy-Jell now, while this offer is open. Get what you need for some weeks. This is the time when fruity desserts are most needed.

**Jiffy-Jell**

For Desserts and Salads

Flavored with Fruit-Juice

Essences, Sealed in Glass

Real-Fruit Desserts

12 1/2c Per Dinner

Note that Jiffy-Jell brings you a real-fruit dessert. All the fruit flavors are fruit-juice essences condensed. They come sealed in glass—no bottle in each package—so they keep their fruit-taste freshness.

Mark how Jiffy-Jell differs from old-style gelatin desserts. Here you have true-fruit dainties, rich in condensed fruit juices. You get all the delights, all the healthfulness of fruit.

You simply add boiling water—no sugar, no acidity, no color. Then add the fruit-juice flavor from the vial. One package of Jiffy-Jell serves six people in mold form, or twelve if you whip the jell—all for 12 1/2 cents.

For Salads use lime-fruit Jiffy-Jell. It makes a tart, green salad jell. Serve with the salad or mix the salad in before cooling.

For Meat Loaf mix meat scraps into Lime Jiffy-Jell.

For Garnish on cold meats or roast lamb, use Mint Jiffy-Jell.

For Desserts try Loganberry and Pineapple—two of our finest flavors.

## TELLS OF ADOPTION OF STANDARD TIME IN OHIO OVER 36 YEARS AGO

Persons of the new generation, who are finding fault with the divisions of time, says the Utica Herald, knows nothing of the annoyances of the days before standard time was adopted in 1882.

Prior to that date, this section used Columbus time because the Baltimore & Ohio railroad in central Ohio used Columbus time. Some roads in Ohio used Cincinnati time—six minutes slower. Some used Chicago time—28 minutes slower. Some used Detroit time, and some roads in Ohio used Pittsburgh or Cleveland time—which is faster.

A person contemplating a trip over several roads must get timecards, learn what time each road was carrying by, and figure out his connections.

Many hotels and public places had clocks bearing several dials, each dial giving the time of a different city.

In 1882 standard time was adopted, by which the country was divided into four sections each 15 degrees of longitude and one exact hour apart; all points within each section to use the actual time of the exact center of the section. Thus there was just one hour difference at each "jumping" point, which made figuring a simple matter.

However, for the convenience of railroads, the "jumping off" points were made to vary a little from their proper longitude, so as to make them come at railroad division points as far as possible. For instance, the dividing point between eastern and central time was astronomically at the 82 degree 30 minutes parallel, which passes 2 1/2 miles west of Utica and five miles west of Newark; but for greater convenience it was defined as passing along the east edge of Ohio and striking Pittsburgh, for timecard purposes.

East Ohio thus being wrongly placed in the extreme eastern part of the central time schedule, was given the time of the Chicago vicinity, which made it so slow that not for years would many country people accept it in lieu of Columbus time. Cleveland finally jumped the track and decided to run on eastern territory, and other cities were considering following her lead. To better satisfy the state, the federal commission on January 1, 1919, rearranged the section lines, running them more nearly astronomically correct, which put the eastern part of Ohio in the eastern section where it belonged—all east of 82 1/2 degree longitude.

That correction is what caused the advancing of our clocks one hour, January 1, and putting us on eastern time.

The "daylight saving" act or congress, by which clocks were pushed an hour forward March 30, is another affair and has nothing to do with the standard time zones, the act simply requires that every clock everywhere in the United States be put forward one hour for summer use and set back again for winter. Great Britain, France, Spain and some other European countries have done the same.

It will thus be seen that the assertion by Newark's mayor that the advance made January 1 complies with the daylight-saving law, is a mistake.

Newark city council, Monday night, by a vote of 4 to 1 passed an ordinance repealing the ordinance passed the previous week, and adopting the local eastern time as official time for the city. Mayor Atherton promptly vetoed it. Its adoption will therefore be delayed until the next meeting of council when it will be passed over the veto.

However, practically everyone in the city has now adopted eastern time, even the courthouse tower clock having been advanced Wednesday.

## LOOKS FORWARD TO FURLOUGH IN PARIS

Walter Sessor, former B. & O. machinist of this city, has been overseas since last September, leaving Camp Sherman with the 84th division. He is now located on the Rhine with the army of occupation and is anxious to return now that the war is over. He lately enjoyed a ten day furlough and visited Coblenz and a number of other German cities with several of his comrades. He has been promised a visit to Paris before his return to America.

Sessor had a brother Harry, also a B. & O. machinist of this city, who was in the air service abroad but who arrived home a couple of months ago.

The boys' gymnasium classes of the Y. M. C. A. are working hard to complete their indoor athletic records for the season. Individual record has been kept all season, and on May 3 when the boys' gym classes close there will be some excitement over the names of those heading the list in each division.

The boys were divided into groups based on their weights, those under 90 pounds being placed in one group; those under 110 pounds, 125 pounds, 140

## BEFORE OR AFTER INFLUENZA

By Dr. M. Cook

The cool fighter always wins and so there is no need to become panic-stricken. Avoid fear and crowds. Exercise in the fresh air and practise the three C's: a Clean Mouth, a Clean Skin and Clean Bowels. To carry off the poisons that accumulate within the body, and to ward off an attack of the influenza bacillus, take a good liver regulator to move the bowels, such as Castor Oil or a pill made up of May-apple, leaves of aloe and root of jalap, to be had at any drug store, and called Dr. Pierce's Pleasant Pellets.

The system should be built up by the use of a good iron tonic, such as "Iron-Tic" tablets, to be obtained at some drug stores, or that well known blood-maker and herbal tonic made from roots and barks of forest trees—sold everywhere as Dr. Pierce's Golden Medical Discovery.

For a tonic that will freshen up the blood, clean the digestive tract and put new force and vim into you, I know of nothing better than Dr. Pierce's Golden Medical Discovery—and it contains no alcohol or narcotic so is perfectly safe to take.

**TOLINO, OHIO.**—"When I was a girl at home Dr. Pierce's Pleasant Pellets were used in our family and I now give them to my own immediate family. I always give them to my children. They are very easy to take, never causing distress. They are especially good for the liver, constipation or bilious attacks and thoroughly regulate the system. I can speak very highly of the 'Pleasant Pellets' for I have used them for years with good results."—Mrs. MATTIE LAYTART, 1031 Albert St.
